Dear Mr. Clarke:

In reply to your request of December 7, 1955 relating to special permit provided for in RSA 263:63, 64, (Revised Laws, chapter 119, section 37-b) you are advised that under said sections of the statute you are privileged, in your judgment, to permit operation of over-length, over-width and over-height units and under RSA 263:64 (IV) may, in your judgment, approve a permit for over-width, over-length and over-height regular hauling by special annual permit providing that in all other particulars, including stopping distance as well as relating to safety, your judgment indicates such permit should be granted.

Very truly yours,

George F. Nelson
